CCC Vocal Warm Up Techniques

CINCINNATI CHILDREN'S CHOIR
Building Tomorrow's Leaders, *One Voice at a Time.*

- 5-note descending passages [sfmrd] on pure Latin vowels in F Major, using a physical motion to imitate and reinforce the shape and direction of the vowel; all motions should move forward away from the body.

[u] ooh
[o] oh
[a] ah
[e] eh
[i] ee

- o [u] / "oo" – Stuff mouth full of spaghetti. Each descending pitch, mimic pulling a new strand of spaghetti from the mouth which also imitates the air stream.
- o [o] / "oh" – draw the open shape of the [o] with the index finger and pull out away from the mouth spinning the air up and out OR hold fingers forming a round "pipe" about 6 inches in front of the mouth. Breathe in through that "pipe" which the singer imagines goes all the way into their belly. Gently bend the "pipe" up and out imitating the air stream.

! Pozorno pod notnim črtovjem poglej na katere zloge se boš upeval v nadaljevanju.
